Sejarah Singkat Program Studi

Program Studi Perpustakaan dan Ilmu Informasi didirikan berdasarkan Surat Keputusan Menteri Riset dan Pendidikan Tinggi Republik Indonesia nomor 294/KPT/I/2018 tentang pembukaan Program Studi Perpustakaan dan Ilmu Informasi Program Sarjana Universitas Islam Negeri Maulana Malik Ibrahim Malang di Kota Malang yang diselenggarakan oleh Kementerian Agama. Berdasarkan permohonan Rektor Universitas Islam Undang-Undang Nomor 12 Tahun 2012 tentang Pendidikan Tinggi, perlu menetapkan Keputusan Menteri Riset, Teknologi, dan Pendidikan Tinggi tentang Izin Pembukaan Program Studi Perpustakaan dan Ilmu Informasi Program Sarjana dan Program studi Pendidikan Matematika Program Magister pada Universitas Islam Negeri Malang di Kota Malang yang diselenggarakan oleh Kementerian Agama.

Program studi Perpustakaan dan Ilmu Informasi dibuka bersamaan dengan izin berdirinya Program Studi Pendidikan Matematika Program Magister Pada Universitas Islam Negeri Malang di Kota Malang yang Diselenggarakan oleh Kementrian Agama. Dengan keluarnya ijin tersebut, maka pada tahun 2018 sudah melakukan seleksi penerimaan mahasiswa baru dan pada semester ganjil 2018/2019 resmi melakukan kegiatan perkuliahan dengan jumlah mahasiswa pada tahun pertama sebanyak 38 mahasiswa. Secara kelembagaan, Program Studi Perpustakaan dan Ilmu Informasi di bawah Fakultas Sains dan Teknologi dengan dipimpin oleh Ketua Program Studi dengan dibantu sekretaris Program Studi.

Program studi Perpustakaan dan Ilmu Informasi merupakan jenjang pendidikan sarjana yang berfokus mendidik calon profesional informasi yang memiliki kompetensi di bidang pengelolaan informasi di beragam sektor, antara lain sektor pendidikan dan sektor industri. Sektor Pendidikan meliputi perpustakaan sekolah, perpustakaan pesantren, dan perguruan tinggi. Sedangkan sektor industri dapat berupa *document control*, *knowledge management*, arsiparis, dan perpustakaan khusus pada *learning resources centres*. Kurikulum yang dikembangkan mengacu pada kebutuhan terkini industri informasi dengan mengedepankan pemanfaatan teknologi informasi dan komunikasi untuk pengelolaan informasi (*information management*).

Brief History of the Department

The Library and Information Science Department was established based on the Decree of the Minister of Research, Technology and Higher Education, Republic of Indonesia number 294 / KPT / I / 2018 concerning the opening of the Library and Information Science Department for the Undergraduate Program of the Maulana Malik Ibrahim State Islamic University in Malang City which is organized by the Ministry of Religious Affairs. Based on the Rector request of the Islamic University, Law Number 12 of 2012 concerning Higher Education, it is necessary to stipulate a Decree of the Minister of Research, Technology and Higher Education regarding the Permit to Open Library and Information Science Department for Undergraduate and Mathematics Education Department for Masters Program at the State Islamic University of Maulana Malik Ibrahim in Malang organized by the Ministry of Religious Affairs.

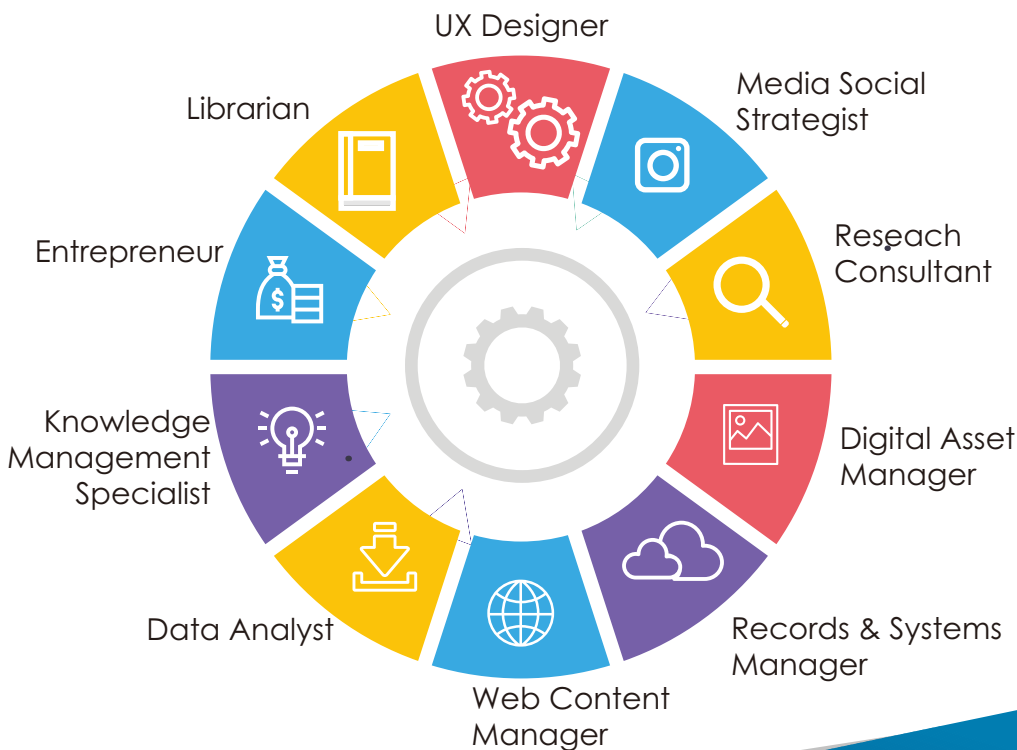

The Library and Information Science Department was founded simultaneously with the permission for the establishment of the Master Program of Mathematics Department at the State Islamic University of Maulana Malik Ibrahim Malang which was organized by the Ministry of Religion. With the issuance of this permit, in 2018, the admission and selection of new students was carried out and in the odd semester 2018/2019, the LIS officially conducted class with 38 students in the first year. Institutionally, the Library and Information Science Department is under the Faculty of Science and Technology. It is led by the Head of the Department and assisted by the secretary.

The Library and Information Science Department is an undergraduate program focuses on educating prospective information professionals who have competencies in the field of information management in various sectors, including the education and the industrial sector. The education sector includes school libraries, *pesantren* libraries, and universities. While the industrial sector can be *document control*, *knowledge management*, *archivists*, and *special libraries at learning resources centers*. The curriculum which has been developed refers to the current needs of the information industry by prioritizing the use of information and communication technology for information management.
